Enclosure.

25th February, 1943.

Dear Mr. Green,

You will remember that I wrote you on the 8th January about a missing letter from New York in connection with the proposed conversion to a tanker of the dredge "FIELDING", and you replied on the 12th January to the effect that no such letter appeared to have been received. I made the same enquiry of Mr. Sladden at Wokingham with the same result. We therefore communicated with New York, and have now received the enclosed copy of the letter in question, from which you will see that it advised a signed Survey Request Form. I assume that the original and the Request Form were lost in transit, and I therefore think it well to send you the enclosed copy for record. The papers on the case will be sent down for Clip M in due course when it has been dealt with.

I am also sending a copy of the New York letter to Mr. Sladden.

Yours sincerely,

H. E. Betts
