

"MAGDALENA"

Mr. Denis o'Neill of the Ministry of Transport requests that the Society arrange, if possible, for Mr. Caldwell, the Society's Surveyor at Rio de Janeiro, to arrive in London about five days before the opening of the Inquiry into the loss of the above ship. The Inquiry begins on the 26th September.

The Ministry will be responsible for the costs in connection with Mr. Caldwell's transport and attendance.

The above request was addressed to me verbally on the occasion of the announcement of the Finding in the case of the "LEICESTER" Inquiry today.

Mr. Shephard  
Mr. J.R. Smith.
