Dear Sir,

Re: 46257/M - m.v. "MATRONA"

We thank you for your letter of the 10th instant and note that we seem to be under a misapprehension that Mr. McIntyre, the surveyor to the Society was stationed in Liverpool in October last when the above ship overturned.

We are not so much concerned whether Mr. McIntyre was actually in this city when the vessel overturned, but we are interested to know whether Mr. McIntyre did certain survey work on the vessel before it overturned. If this is so, we are wondering whether you would be so kind as to grant us facilities to see Mr. McIntyre.

If Mr. McIntyre was not concerned with the above vessel, would you be so kind as to advise us who the Lloyd's Surveyor was concerned, and thereafter grant us facilities to see him.

Yours faithfully,

The Secretary,
Lloyd's Register of Shipping,
London.
