Lloyd's Register of Shipping.

Port QUEBEC, P.Q.

17th October, 1946.

This is to Certify that I have

Surveyed the S.S. "HOPESTAR" 5267 tons gross of Newcastle

of she lay afloat at Shed 29, Quebec, P.Q. on the 12th and 13th October, 1946, on account of leakage in deep tank,

and that I have transmitted to the Committee of Lloyd's Register of Shipping, London, a Report, stating that all repairs recommended by me have been completed to my satisfaction, and

that I have Recommended that she be continued as at present classed in the Register Book without fresh record of survey, subject to permanent repairs to deep tank being carried out on arrival at a port in the U.K., to where she is now bound; also subject to all other conditions at present attached to vessel's class as previously recommended

being fit to carry Dry and Perishable Cargoes.

R. D. Campbell

Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly performed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances ever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
