High Close, Wokingham, Berks.

Dear Sir(s), "HOPESTAR", 13th December, 1945.

I am directed to acquaint you that in accordance with the arrangements at present in force for the substitution of Special Periodical Surveys by successive General Examinations at twelve-monthly intervals, a General Examination for maintenance of class of the above-named vessel will require to be held before the end of February next and I shall be glad to learn, for the information of the Committee, what arrangements are proposed to be made to submit her for the requisite inspection.

At the same time I think it well to remind you that the vessel's Freeboard Certificate will expire on the 28th February, 1946 and you will doubtless wish to arrange for the necessary Freeboard Survey to be held in conjunction with the above General Examination, with a view to the renewal of this certificate.

I am, Dear Sir(s),

Yours faithfully,

Messrs. Stott, Mann & Fleming Ltd.,
Milburn House,
NEWCASTLE-on-TYNE, 1.

Clerk to the
Classification Committee.

Several tubes, staybolts, seams and rivets in three
combustion chambers leaking.

ng and I

P.S.

I have to add that the Boiler Survey also becomes due at the end of February next.

I may say that according to a return received from the Society's Surveyors at Middlesbrough dated the 23rd ultimo the vessel was then under at that port for repairs but the report on the case has not yet come to hand.
