The Secretary,  
LONDON.

Dear Sir,

No 75284 in Rb

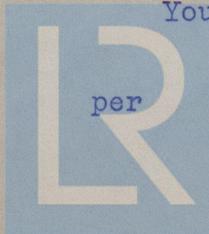

s.s. "HOPESTAR" Wallsend Slipway O/No.415.B.  
New Centre Boiler - Boiler Pipe Arrangement.

We beg to forward herewith, for consideration, triplicate copies submitted by Messrs. Wallsend Slipway & Engineering Co. Ltd., of the following plan :-

No. 43740 - shewing boiler pipe arrangement with modifications as necessary to existing wing boilers, pipes and fittings.

We are, Dear Sir,  
Yours faithfully,  
THE SURVEYORS,

per

*Arbath*

Lloyd's Register  
Foundation

W1013-0227

Referred to the Chief Engineer Surveyor

It is submitted that the plan showing the modifications to the boiler pipe arrangements merits approval provided the steel castings be made at approved Works and tested as required by the Rules, the drainage valves & fittings subjected to steam of a temperature above  $425^{\circ}\text{F}$  be made of steel or other approved material & the work be carried out under the usual conditions of Survey & Testing.

Return 2 plans.  
Retain copy.
