(Periodical Surveys, when held, must be reported in detail and serially in the terms of the Rules and items remaining to complete the Surveys should be summarised. State clearly the cause of Repairs, if any, and, in detail, the nature and extent of Examinations and subsequent repairs. Repairs on account of Damage (the cause of which must be stated) should be separated from Repairs due to other causes; and besides being detailed in the body of the report, should be summarised in the form shown below. Whenever the replacement of Anchors or Chains is reported the particulars should be clearly stated in the space provided on the back of this form. State also the dates and initials of any letters respecting this case.)

In damage cases where the Surveyor has not made a special damage report he is required to state whether he offered his services for this purpose and to whom and why they were declined.

REPAIRS, OR EXAMINATION AS PER RULE, FOR

Now due. Vessel examined afloat. It was stated that when entering Gars-ton the vessel grazed the lock wall causing the wood chock carrying the load line markings on the port upper belting to become displaced. Subsequently this fell to the dock & was lost. 17 new chock bars and been through fastened to the belting together with the face plate in way of the markings & cut & verified.
S.R.L. Nothing due at this time.

General Observations, Opinion as to Class, Recommendation, &c.:

State clearly whether any and, if so, what alteration is suggested to be made in the existing classification and notification of the vessel in the Register Book consequent upon this survey, thus, for example:—"to remain as classed in the Register Book without fresh record of Survey," "to remain as classed and to have record of survey, 1,38," or "to remain as classed and to have record of survey, 1,38, and the notations of ss No. 1-38."

This vessel, so far as was seen, is in efficient condition & eligible in my opinion to remain as now classed in the Register Book without fresh record of survey subject to outstanding recommendations previously made by the Society's surveyors being complied with.
