Enclosure.

7th October, 1931.

Dear Sirs,

With reference to my letters of the 5th and 16th June last respecting the equipment of the motor yacht "JOHN WILLIAMS V", I have to inform you that I have now received from the Assistant Treasurer of the London Missionary Society a letter enclosing a report which has been made by a Surveyor appointed by Lloyd's Agents at Suva of an examination of 60 fathoms of cable which was recently shipped from this Country to be placed on board the vessel. From the information furnished by the Surveyor it appears that the additional cable now supplied is in accordance with the certificate which was produced, and in the circumstances the Committee have accepted this report and there will accordingly be no need for you to take any further steps in the matter.

I enclose for your information a copy of a letter I have today addressed to the London Missionary Society on the subject.

I am, Dear Sirs,
Yours faithfully,

The Surveyors,

SYDNEY, N.S.W.

pro Secretary.
