Dear Sir,

In reply to the London letter of the 26th instant with reference to the spare lubricating oil pump for the Auxiliary Schooner Yacht "JOHN WILLIAMS V", I beg to state that this matter was taken up with the Builders while the vessel was fitting out.

It was finally arranged that they would put the pump on board before the vessel left the U.K., but it is regretted that this statement was omitted from the First Entry Report.

I have again been in communication with the Builders and I have their assurance that the pump will be put on board at Glasgow within the next week.

This will be confirmed later.

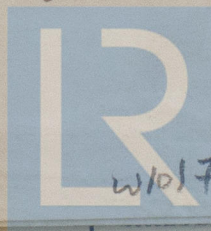

I am, Dear Sir,

Yours faithfully,

John D. MacDonald

The Secretary,

GLASGOW.
