

Enclosure

21st September, 1949.

Your Ref: CHE/MGS

Dear Sirs,

"EILATH"

& F

With reference to your letter of the 5th and my reply of the 12th ultimo, I think it well to say that no request has so far been received from the Owners for postponement of the Screwshaft Survey of this vessel, and no report has been received of the Boiler Survey which it was understood in May last would be carried out at an early date by a Surveyor appointed by Lloyd's Agents at Haifa. No further advice has been received regarding the holding of an Annual Load Line Survey and the verification of freeboards with a view to the issue of Israeli Load Line Certificates.

At the same time I enclose a copy of a letter sent to the Owners on the 18th ultimo respecting alterations effected to the vessel, and may say that no further communication has yet been received from them.

I shall be obliged if you will kindly let me know whether you are ~~now~~ in a position to furnish me with further information regarding the above matters.

Yours faithfully,

Clerk to the
Classification Committee.

Messrs. Harris & Dixon Ltd.,
