Dear Sir,

M.

I have to acknowledge the receipt of your letter of the 25th ultimo forwarding freeboard verification of marking forms for the steamers "QUEBEC" and "TADOUSSAC", and I transmit herewith freeboard certificates in duplicate for these vessels.

It is concluded that the freeboards are marked from a statutory deck line set off from a steel deck, but I shall be glad if you will confirm this and also state the draughts given on the Builders' displacement scale in accordance with Circular 1406.

I am, Dear Sir,

Yours faithfully,

Secretary.

Geo. Allan, Esq.,

MONTREAL.
