17th May, 1917.

Dear Sirs,

I am in receipt of a letter from Messrs. The Shaw, Savill & Albion Co., Ltd., applying for re-assignment of load line in the case of the S.S. "BARANGA" now discharging at this Port, and with regard thereto I have to say that you should be guided by Circular 1292, and forward the necessary report on form 11b, as early as possible, together with a statement as to what alterations are arranged for, and in progress, leaving only the completion of the alterations to be reported with the verification of marking form.

At the same time I have to request that you will measure and report the height of the shelter tween decks from the top of beam to the top of beam at the side.

I am, Dear Sirs,

Yours faithfully,

Secretary.
