8th December, 1936.

Dear Sirs,

E. I duly received your letter of the 30th ultimo, forwarding Drawing No.4557, in triplicate, showing Thrust Shaft and Cone couplings proposed for the Bauer-Wach Installation which Messrs. Swan, Hunter & Wigham Richardson, Ltd. are supplying to The Central Marine Engine Works for their Machinery No.1076, intended for Messrs. W. Gray's Yard No.1076, and with regard thereto I have to inform you that particulars of the power and size of these engines have not been received in this Office.

In order that this case may be considered, therefore, I shall be glad if you will forward the necessary particulars, viz:-

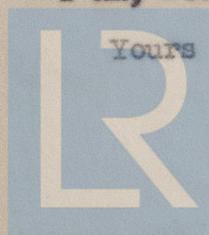

- Power, cylinder diameters and stroke of reciprocating engine.
- Working Pressure of Boilers.
- Power of exhaust turbine.
- Revolutions per minute of screw shaft when reciprocating engines and turbine are working in conjunction.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,

NEWCASTLE-ON-TYNE.
