

M. V. "LOCHMONAR".

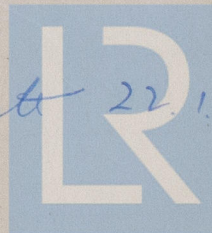

Mr. Treloar of the Royal Mail Lines, has telephoned stating that he has received from his New York Agents an account for £1,250 for the surveys held at Kingston, Jamaica, by Mr. J. G. Buchanan in this case.

Mr. Treloar is not querying this account, but he would like to know, semi officially, how it is made up.

It is understood that the Salvage Association will ultimately be responsible for this fee, and Mr. Treloar would like to be in the position to answer any questions they may raise.

24th January, 1949.

So ltr to Mr. Bennett
