

M. V. Lockman

Bel 9154.

Submitted the surveyor be requested to state whether earth lamps are fitted or what other means are provided at the main switch board for indicating the state of the insulation of the system as this is ^{not} mentioned on his report.

He should also state whether the size of the cable 26, to Booking boxes 7 & 9, viz one of 37/072 is correct as the maximum current allowed by the rules for this size is 152 amps.
