ANSD.....

Dear Sir,

We are in receipt of your letter of 22nd March and note the suggestion made that the writer should call on you when he is next in London. Your letter actually arrived when he was in town.

It so happens that this will not be possible next week owing to a series of meetings both in the morning and afternoon of the 30th March in addition to the West of England P. & I. Association.

In earlier letters you suggested that the Clerk of the Classification Committee might be in Newcastle in the near future so we think it probably as well to leave the original suggestion to stand.

You may remember that we have also asked for details of any notes you may have on your Special Reasons List with regard to all our other snips. In view of what has happened we think it most important that we should have these particulars, and would be obliged if you could give the matter attention.

Yours faithfully,
