"CYDONIA".

Dear Mr. Sladden,

In returning the deferred reports on the above I have made a pencil note regarding Dale's statement about us "Supplying a repairers list". This is rubbish.

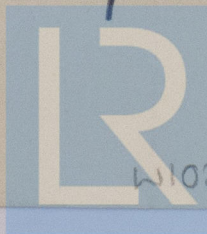

This particular Superintendent, in another case, recently carried out repairs - including damage - and gave specific instructions to the repairers that we were not to be called in. It was only because of the Surveyor's being suspicious that he made a point of calling and found this.

Dale can't have it both ways.

Yours sincerely,

R. J. Sladden, Esq.,  
LONDON.
