

ENCLOSURES.

10th January, 1950.

Dear Sirs,

With reference to your letter of the 30th December last regarding the Steamer "CYDONIA", I return herewith Shell Expansion Plan together with two copies.

It is thought well to remark that the Hull Surveyors wrote to this Office on the 22nd ultimo regarding the Superintendent's letter of the 16th ultimo, and it may be of interest to you to know that they state the ship has short wells with long poop, bridge and forecastle. Also that it is a practice to continue the numbering of the strakes to include these, as was done in their report.

Yours faithfully,

Clerk to the
Classification Committee.

The Surveyors,

CARDIFF.
