

Gross 7404
Net 4283

Vessel built at Amsterdam

By whom Nederl. Scheps. Maats.

COPY.

Lloyd's Register of Shipping.

Port OF CARDIFF.

This is to Certify that I have

PART

examined the Boilers and Machinery of the Steel Screw Motor Vessel

"CLAM"

of 7404 tons gross, of London, on the 15th. June 1949 and subsequently,

that I have transmitted to the Committee of Lloyd's Register of Shipping, London, a Report stating that all recommendations made by me in connection therewith have been carried out to my satisfaction, and that I have recommended that the record of LMC CS (with date)

is now entered in the Register Book in the case of this vessel when

the survey has been completed. and DBS 7,49 now, subject to pump injection boxes being renewed at next Dry Docking.

is now examined:—

- propeller, stern bush & sea connection fastenings, sea cocks and valves.
- 1 & 8 Main Engine cylinders, pistons, liners, connecting rods, & bottom end bearings and pins.
- 5, 6 & 10 main bearings & journals.
- Intermediate shaft & pads.
- Intermediate shaft & bearing.
- Steam driven compressor & engine. Intercoolers tested.
- Forward & centre Diesel Generator Engines (except cylinders & pistons) and by jacket cooling water pump, general service pump, outboard boiler feed pump, piston cooling water cooler tested.
- Key boilers & mountings.

Herbert W.G. Paton

Engineer Surveyor to Lloyd's Register.

This certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—
The Committees of the Society use their best endeavours to ensure that the functions of the Society are properly performed and to be understood that neither the Society nor any Member of any of its Committees is under any circumstances held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Members thereof, or the Surveyors, or other Officers or Agents of the Society."
