

3rd September, 1949.

Dear Sirs,

S.

With reference to your letters of the 22nd and 27th ultimo regarding the classification in the Society's Register Book of your steamer "THE LADY BELLIE", the Committee have now received the reports of General Examination made of this ship with a view to postponement of Special Survey.

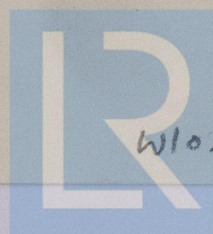

Wastage was noted in the upper deck plating, framing, scarphing arrangements at raised quarter deck and bulkhead plating, and the Surveyors recommend that, for class maintenance, the full Special Survey and all essential repairs should be carried out before the end of this month. The Committee duly confirmed this recommendation, and I shall, therefore, be glad if you will arrange accordingly and advise me of the port of repair in due course.

Yours faithfully,

Copies to Liv. and Dub. Surs.  
and Freeboard dept.

Clerk to the Classification  
Committee.

The S. & S. Steamship Co., Ltd.,  
21 Merchant's Quay,  
CORK.
