

BOARD REPORT on the *S/S "The Lady Belle"*

It is submitted the freeboards assigned should be wired to the Collector of Customs at Swansea as requested by the Owners.

The Owners should be informed this has been done and at the same time they should be reminded that in January last at their request the Society's Surveyors at Cardiff were instructed to verify the freeboard marking and again in February the Society's Surveyors at Liverpool were similarly instructed, but no opportunity has been given for the Surveyors to examine and verify the freeboard marking. As previously intimated the freeboard certificates cannot be issued till this has been done.

Tele. No. 2/5702.
