Dear Sirs,

s.t. "TAHCHEE"

Our friends, Messrs. Ligure Toscana have purchased this tanker and the transfer is subject only to British and Italian licenses.

In the meantime, we would be much obliged if you will get in touch with the local Lloyd's surveyor and advise him that the Buyers have written to us as follows:

"Will you please ask Lloyd's what is the minimum of surveys and examinations required to furnish the vessel with a ballast seaworthiness certificate and especially if in this case an examination of the ship in dry-dock will be absolutely not avoidable.

"We are interested also to know whether Lloyd's will agree eventually to allow to heighten the load line provided we crop and take out the actual forward and after well deck plating.

"We carried out a similar job in other ships, therefore we do not expect any difficulties with the s.t. "TAHCHEE".

For your convenience, we attach a duplicate copy of this letter.

Awaiting to hear from you, we are,

Yours faithfully,

RADONICICH LIMITED
