Lloyds Register of Shipping,

London.

Dear Sirs,

Motor Mine Sweeper nr. 1013.

We have bought this craft from England and she is now here being converted into a cargo boat.

From the builders Messrs George Forbes & Co. (Peterhead) Ltd., we learn that the vessel was built for the Admiralty under Lloyds supervision. As we intend classing the vessel at Lloyds, the local representative of this institution asks for a constructional drawing. The builders have none of the kind but advise me to apply direct to your goodselves for such a drawing. In case you should be able to supply me with one I should esteem it a great favour.

Yours faithfully
pr. pro. Skips & Tempe
