## Lloyd's Register of Shipping.

71, Fenchurch Street, E.C. 3.

ENCLOSURE.

16th September, 1937.

Dear Sirs,

I have to acknowledge the receipt of your letter of the 31st ultimo, with Rpt.C.11, in the case of the s.s. "NORONIC", the contents of which have been noted, and now enclose a memorandum of the freeboards which have been assigned to this vessel (in duplicate), together with a list of the conditions of assignment.

I shall be glad if you will issue a provisional Load Line Certificate to the vessel when the freeboards have been marked and verified and the conditions of assignment have been complied with.

I shall be glad if you will request the Toronto Surveyor to state the height of the sills of the doors and the nature of the latter in the small deck house at the after end of the freeboard deck, as this contains an open stairway, and also to give particulars of the doors and windows in the deck house of the superstructure deck (promenade deck).

I am, Dear Sirs,  
Yours faithfully,

The Surveyors,

NEW YORK.

Assistant Secretary.
