

CLELANDS (SECESSIONS) LTD.
Ship No.77 - Stern Tube &
Shafting

IT IS SUBMITTED the Newcastle Surveyors be informed regarding the torsional vibration characteristics of the machinery of the above vessel that the Society will be glad to re-consider the range of the speed limitation 190-264 r.p.m. after the taking of torsionograph records from this vessel.

Further, the Society would welcome the opportunity of taking the necessary records.
