

MESSRS. CLELAND (SUCCESSORS) LTD. YARD NO. 77

Messrs. British Polar Engines Ltd., Eng. No. 502

IT IS SUBMITTED the Glasgow Surveyors be informed it is noted that the above engine, which is to be classed with this Society, was originally intended to be constructed under survey by the British Corporation, and that the principal forgings have been tested by that authority.

It is also noted that the results of the tests as shown on the forging certificates have been examined and found in order.

In view of the present state of emergency this engine could be accepted provided the same be constructed under the supervision of the Society's Surveyors, and when installed on board the vessel in accordance with the Rules and tried under working conditions with satisfactory results, the machinery could be assigned the notation of  LMC (with date).
