

# LLOYD'S REGISTER OF SHIPPING

PORT SAN FRANCISCO

December 28th, 1933.

THIS IS TO CERTIFY that

DAVID MILLAR

the undersigned Surveyor to this Society did at the request of the Bethlehem Steel Export Corporation, attend at their works for the purpose of testing and inspecting (25) TWENTY-FIVE steel plates intended for shipment to Manila, P. I.

This material manufactured by the Bethlehem Steel Company, Sparrows Point, Md., and now stored in their San Francisco Warehouse.

On the 20th December and subsequently, test coupons as required by the rules were taken and mechanical tests witnessed with satisfactory results.

<u>NO. OF PLATES</u>	<u>HEAT NO.</u>	<u>TENSILE</u>	<u>ELONGATION</u>
4 - 3/8"	66 J 480	62.400	23%
2 - 3/8"	69 J 420	65.200	27%
2 - 3/8"	67 J 407	67.200	25%
2 - 3/8"	59 J 416	64.100	27%
2 - 1/2"	69 J 318	61.400	35%
2 - 1/2"	59 J 444	60.700	32%
1 - 1/2"	66 J 558	65.200	26%
1 - 3/8"	59 J 383	66.400	29%
5 - 3/8"	69 J 539	66.800	25%
1 - 3/8"	64 J 049	66.200	25%
3 - 3/8"	68 J 243	62.700	32%
TOTAL 25			

Bend tests made according to rule requirements and found satisfactory.

These plates have been stamped for identification purposes as follows: L. R. D. M.

Stated that the plates are for shipment to Manila, P. I. to the order of Bethlehem Steel Export Corporation.
