M a n i l a, P. I.

Dear Sir:

We have received your letter of December 13 with enclosures and we beg to advise you that the work on the M/S "MAMBUKAL" shall be carried out as instructed by Kobe.

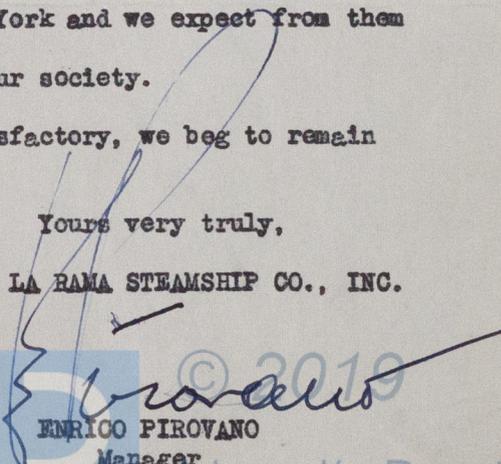

Regarding the suitable nomenclature of vessel, we suggest that you put before London the following: "41 for Bay and river service in the Philippines". We believe that the above, without changing the limitations of the classification, would cover more <sup>the</sup> service for which the vessel is intended as we might eventually send her either to Manila or to Cebu for local short runs.

We have ordered the necessary steel for the modification from Messrs. Bethlehem Export Steel Corporation of New York and we expect from them the steel in question duly certified by your society.

We hope that the above information is satisfactory, we beg to remain

Yours very truly,

THE DE LA RAMA STEAMSHIP CO., INC.
