ENCLOSURES.

22nd November, 1938.

Your Ref: A.A./Wg.

Dear Sir,

E. I beg to acknowledge the receipt of your letter of the 19th instant, with enclosures, respecting the order you have received from Messrs. Schmid & Oberly, Iloilo, for a Compressor and Dynamo Set to be made in accordance with this Society's requirements, and I note what you have to say on the subject.

This matter has received careful consideration and I have to acquaint you that, as it is a requirement of the Society's Rules that the principal forgings must be tested by the Society's Surveyors, the Committee regret that they cannot see their way to accept this compressor and dynamo set. I therefore telegraphed you to-day, as follows:-

"Your letter 19th regret unable accept compressor and dynamo set writing".

I should add that the scantlings of engine crankshaft as shown on Plan No. 11875 meet the requirements of the Society's Rules.

The plans are returned herewith, together with the Germanischer Lloyd Certificate.

I am, Dear Sir,
Yours faithfully,

Anton Schmidtson Esq.,
Balansstrasse 30,
