Compressor & Dynamo set to order of  
Messrs. Schmid & Gberly

It is submitted that the plan of the Firm be  
informed that the contents of their ~~merit approval~~  
~~for~~ letter have been carefully noted but if  
~~provided~~ this compressor and dynamo set is to be  
made to this Society's Rules the principal  
forgings must be tested by the Society's  
Surveyors and in the circumstances it  
is regretted that this compressor & dynamo  
set can not be accepted.

The Firm should be advised that  
the scantlings of engine crankshaft as shown  
on plan No. 11875 meet the requirements of the Rules.

WIRE:- Compressor & dynamo set not acceptable  
for vessel classed with this Society  
as forgings not tested by Society's Surveyors.

Advise Augsburg Surveyors.
