

Submitted the West Hartlepool Surveyors should be  
formed that it is understood the S.S. "TIME" recently  
unched at Sunderland is now in dry dock at their port  
erging repairs to damage sustained by grounding while  
er way to their port to receive her machinery. They  
ould report fully on this case stating the nature of the  
age, what is being done, whether they have been requested to  
d a damage survey upon the vessel and if their  
ommendations with a view to the vessel's classification  
being carried out.
