29th August, 1949.

Dear Sirs,

With reference to your letter of the 19th instant respecting the steamer "WARINA", I have to say that the Committee will be prepared to extend the period of grace allowed for the overdue Special Survey of this vessel until the end of the year provided, when the requisite inspection is made for the extension of the load line certificate, the Surveyors are given the opportunity of satisfying themselves of the general condition of the ship meantime.

It is noted the vessel is now on an East African run and you will doubtless be able to arrange for the requisite inspection for load line and class extension to be made at a port where one of the Society's Surveyors is stationed.

Please advise me as soon as arrangements have been made to this end so that the necessary instructions can be sent to the Surveyors concerned.

Yours faithfully,

Clerk to the  
Classification Committee
