merit approval, ----- arrangements be as
shown and amended. I return herewith one copy of
the plan forwarded with your letter of the 8th instant,
of oil fuel piping for the donkey boiler of the above vessel,
and have to acquaint you that this plan will be approved,
provided the arrangements be as shown and amended thereon
and the remaining requirements of Section 20 of the Rules,
1934-35, be complied with so far as they are applicable.

It is noted that only one feed water
tank is fitted and that oil fuel for the boiler will be
injected by steam, and in the circumstances I shall be glad
if you will ascertain ^{that} the amount of feed water carried is
adequate for the service on which the vessel will be engaged.

I have to remind you that an
amended plan of bilge and ballast pumping arrangement should
be forwarded.
