Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

3rd June, 1920.

ENCLOSURES.

Dear Sirs,

With reference to your report No. 41734 on the Steamer "UALAN" I enclose herewith for your information correspondence which has taken place between this office and Messrs Gray & Hunter together with certificates of test issued by the Germanische Lloyd.

You will observe that the vessel is now due at Cardiff where certain repairs will be carried out and I have therefore to request that you will give the case attention and report upon this vessel's equipment for the information of the Committee.

You will be so good as to return the enclosed documents to this Office after their contents have been noted.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,
CARDIFF.
