

Rule Dimensions: 255
S. S. "UALAN" ex "SLIKKERVEER".

This vessel was built by N. V. Scheps "De Maas" Slikkerveer, for N. V. van de Eb & Dresselhuys Scheepv. Maats. and was not classed with this Society. The vessel was subsequently classed with this Society in February 1920. The date of build is recorded in the Register Book as 1917. The present Owners are The Enterprise Shipping Co, Ltd.

A letter was received from Messrs. Gray & Hunter, representatives for the Owners, drawing attention to the date of build being recorded as 1917 and stating that this is an error, as the vessel was not completed until June 1918. As the month of the launch in 1917 was not recorded on the First Entry Report, the Amsterdam Surveyors were communicated with regarding this date.

In reply the Surveyors state that the vessel was launched on the 2nd November 1917, and entered upon service on the 14th September 1918.

It is submitted for the consideration of the Committee whether the vessel might have the date of build recorded in the Register Book as May 1918, that is, six months after date of launch.

If the above date of build is agreed to, Messrs. Gray & Hunter might be informed.
