Received from Chief Ship Surveyor

11 FEB 1920

VESSEL'S NAME Steel S.S. "UALAN"

Rpt. Off.

No. 41734

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/32.)

Nature of Survey

Classification

The class of this vessel is subject to sheerstrake being doubled or increased in thickness in way of poop front, if this is not already done.

The Cardiff surveyors now state that a doubling plate extending nine frame spaces is fitted on inside of sheerstrake in way of poop front.

It is submitted the vessel appears worthy to remain as classed, without record of Survey & without special conditions.

As now Y without ta
