"WAR AVON" now "INDEPENDANCE"

Mr. Lohden of the Ministry of Shipping, Extension 331, rang up to ask for the Classification Certificate and Load Line Certificates of this vessel. I told him of the wire sent to Glasgow and their reply yesterday, and that we had written to Glasgow confirming these telegrams and asking for further information. He then stated that it is very important that the Classification Certificate should be sent to him, Room 311, Ministry of Shipping as soon as possible. I told him the Load Line Certificates had been sent to Glasgow on the 22nd and he asked whether we would mind writing to Glasgow in order that the Office there might arrange for these certificates to be returned to him. He also wishes to have the Anchor and Chain Certificates sent to him.
