W1035-0097

25th September, 1944.

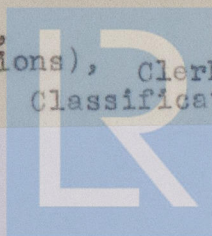

Dear Sirs,

Referring to your letter of the 8th May last respecting the motorship "MUDO", I beg to acquaint you the Committee have had before them a report received from the Society's Surveyors at Newcastle-on-Tyne, from which it is noted that this vessel was examined in drydock last month and a further General Examination held.

The clutch gearing was examined and further repairs effected, but as previously recommended this gearing requires to be renewed before the end of next month, and in the circumstances the fresh notation of "Examined L.R. 8,44" which has been recommended has been withheld until this matter has received attention.

I am, Dear Sirs,
Yours faithfully,

Islands Ministry of Shipping & Fisheries,
(Short Sea, Coastal & Trawl Fishing Sections), Clerk to the
37/38, Fenchurch Street, Classification Committee.
LONDON. E.C.3.
