4th May, 1944.

Dear Sirs,

With reference to the case of the motorship "MUDO", I beg to acquaint you a report has been received from the Society's Surveyors at Aberdeen from which it is noted temporary repairs have been effected to the clutch gearing, found to be worn, and it is recommended that this gearing should be renewed before the end of October next.

I take this opportunity to point out that the vessel will become due for a further General Examination at the end of the present month and I shall be obliged if you will kindly let me know what arrangements are proposed to be made for the requisite inspection to take place.

I am, Dear Sirs,
Yours faithfully,

Orland Shipping & Trading Cte.Ld.,
