Dear Sirs,

In reply to your letter dated the 13th June, regarding the completion of the Boiler Survey of the S.S. "STAL", we would say that we were asked by the Agents of this vessel to appoint a Surveyor, and we requested Mr. W.C. Barton to attend. On visiting the ship, however, Mr. Barton found that the conditions in which the survey had to be carried out were so arduous by reason of heat, etc., that he had to decline to continue the examination. We could not obtain another Surveyor, and accordingly we informed the Agents that the survey could not be carried out here.

We much regret that we did not inform you of this at the time.

Yours faithfully,

for SMITH, MACKENZIE & COMPANY LIMITED,

(Sgd) E.J. SUTTON,

LLOYD'S AGENTS.
