# Lloyd's Register of Shipping.

Port

ROUEN

18th December 1949

This is to Certify that I have

Surveyed the S.S. STAL 2242 tons gross of Copenhagen as she lay afloat and in dry dock at Rouen on the 5th November 1949 on account of damage stated to have been sustained through grounding in the River Seine 4th & 5th November 1949 also for the purpose of recommending & surveying temporary repairs with a view to voyage to the United Kingdom with tug escort

and that I have transmitted to the Committee of Lloyd's Register of Shipping, London, a Report, stating that all repairs recommended by me have been completed to my satisfaction, and that I have Recommended that she be

broken up is in satisfactory condition for the proposed voyage to the United Kingdom with efficient tug escort.

being fit to carry proceed to the United Kingdom with efficient tug escort.

*J. J. Manderson*  
Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—  
While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be held responsible for inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or Officers or Agents of the Society.
