Reference

Dear Sir,

I am in receipt of your letter of the 8th instant

regarding the fees to be charged for the steamer "MARISO".

I purpose rendering an account of £100 for part of the hull and £35 for the Boilers and part machinery of the survey carried out at this port. This leaves £40 still to be collected on the hull and £15 on the machinery. No part of the electrical survey has been carried out at this time, so that, a fee of £18 still remains to be collected on this account. The Leith Surveyors have been advised as the vessel is now at that port.

It is understood that the survey may not be completed in this country and that is why the full amount of fees have not been charged from here.

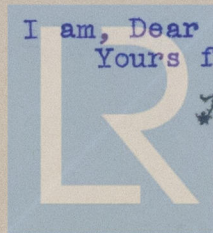

I enclose herewith the Debit notes and a Rpt.10 which you might please forward to the Owners if found in order.

Please enter the above fees on the reports which will shortly be in your hands.

The Secretary,  
WOKINGHAM.

I am, Dear Sir,  
Yours faithfully,

*Wm. B. B. B.*
