

by Chief Ship Surveyor .....

Received from Chief Ship Surveyor .....

EL'S NAME Steel Sc. "ALBERTO TREVES". Rpt. Tri. No. 9331.

remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92).

of Survey .....

It is submitted that before this case receives the consideration of the Committee, the Trieste Surveyors be requested to state in what way the double bottom tanks have been adapted for carrying oil fuel, whether the single riveted seams and butts have been reinforced by electric welding or other equivalent arrangement or whether ceiling has been laid on transverse battens on the tank top.
