Received by Chief Ship Surveyor

Received from Chief Ship Surveyor

VESSEL'S NAME Steel Sc. Motor Vessel "ANGELINA". Rpt. Ams. No. 12375.

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/32.)

Nature of Survey

It is submitted before this case receives the consideration of the Committee the report should be returned to the Surveyors, and they should be requested to obtain the Builders' signature.

MIDSHIP

It is concluded the thickness of the bottom, bilge and side shell plating is as approved, and as in the sister vessels "ALDEGONDA" and "HALIOTIS", but the Surveyors should be requested to state if this is so.

Ok. 17/8/31.
