# Lloyd's Register of Shipping.

27 OCT 1941

Port SINGAPORE

11th March, 1941.

D.2451.

**This is to Certify** that

JOHN WORMALD

the undersigned Surveyor to this Society did at the request of the Singapore Barbour Board, attend at their Machine Shop at Keppel Harbour on the 28th September, 1940 and subsequent dates for the purpose of examining one three-bladed solid bronze propeller which is intended for the Steel Twin Screw Motorship "ANASTASIA", which is owned by the Nederlandsch-Indische Tankstoomboot Maats.

A tensile test piece (2" x 0.564") was taken from the casting and it gave a tensile breaking strength of 30.2 tons per square inch and a percentage of elongation of 40.6.

The finished propeller has been examined and found to be, so far as can be seen, sound and free from defects.

For purposes of identification it has been stamped on the boss as follows:-

L L O Y D S

SNG. No.2451

J.W. 10.3.41

*John Wormald*  
Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
