Dear Sirs,

MESSRS. HALL RUSSELL & CO.'S NO. 751.

In connection with the superheaters we are supplying for the above to your survey, we have pleasure in enclosing in triplicate copies of the following drawings showing our "S" type Superheaters, and shall be glad to have your approval of these as soon as possible, returning one print of each duly stamped and signed as approved, together with your survey request forms.

MN.101300 - Arrangement of Superheater.
MA.7060A - Detail of Headers.
MB.9610 - " " Elements.

The headers for this contract will be supplied from forgings selected from those in stock at our Works manufactured by Messrs. Steel, Peech & Tozer to your classification, mill certificates being available at our Works.

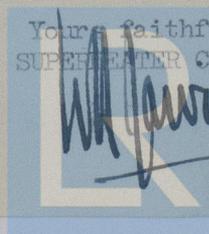

The elements will be made from solid cold drawn mild steel tubing to our Specification X.42, manufactured by Tubes Ltd., being made by the Open Hearth process, tubes being tested in accordance with your rules and surveyed by your Inspector at their Works before despatch, the tube maker supplying mechanical test certificate and chemical analysis.

The completed apparatus will be subject to your final hydraulic test and survey at our Works, Trafford Park, Manchester, before despatch.

Copy of our sub-let order No. 3767/39 on Messrs. Tubes Ltd. is enclosed for your information, and two copies of this have been sent to your Manchester office for their attention.

Yours faithfully,
For: THE SUPERHEATER COMPANY, LIMITED.
