

S S Brnta

It is submitted the Testing House at Cardiff
should be requested to forward particulars of cables
applied under certificate no 20,008 and of an anchor
applied under certificate no 12,460.

With this information, on receipt of the first
report from Trieste, it will be possible to state
when the anchor & cables placed on board the 'Brnta'
suitable for the figure 1.

To prevent delay, the Trieste office might
be requested to state the equipment numeral.

Bff
1/10/20.
