

## Lloyd's Register of Shipping,

Via Mazzini No. 9,

Trieste (III), 9th April 1935.

Casella postale No. 2.

Dear Mr. Scott,

I duly received your telegram dated 6th instant  
as follows:-

"BONZO YOUR SUGGESTION FOR TWENTY PERCENT BASIS OF NORMAL  
"CLASSIFICATION FEE CONSIDERED TOO LOW THINK THIRTY PERCENT  
"MORE REASONABLE STOP CABLE YOUR VIEWS HOW THIS WOULD AFFECT  
"OWNERS ATTITUDE REGARDING COMPLETION CLASSIFICATION - SCOTT"

and confirm mine of today as follows:

"BONZO DO NOT THINK THIRTY PERCENT WOULD APPRECIABLY AFFECT  
"NEW OWNERS ATTITUDE BUT HE IS VERY ANXIOUS OBTAIN SURVEY  
"DATE WHEN CLASSIFICATION IS COMPLETED - ORMISTON"

A matter occupying the Owner's mind seems to be the  
date of survey and he is seeking to obtain for this from the  
Registro Italiano the date when the survey is completed, i.e.  
this month at Naples or on expiry of R.I. Temporary Classification  
Survey in June next.

Comm. Zanichi cannot of course come to a definite  
conclusion regarding our class until he becomes fully the new  
Owner which will not be until after the vessel is handed over  
after dry docking survey - almost certainly to be held at Naples -  
at which time it is understood some bottom damage will be dealt  
with.
