

Motor Tanker "BONZO"

---

It is submitted Mr. Costantini be informed that his proposal to survey certain parts of the hull and machinery which are to be presented for inspection at Monfalcone is approved, and that he should charge a suitable proportion of the survey fee in respect of the amount of work done.

At the same time he should be reminded that the plans have been fully examined in this Office and compared with the requirements of the Rules, and in respect of the nature of the work done here a further fee of £50 should be charged. In the event of the vessel being classed, the classification fee to be charged would be reduced by the amount of the two fees above mentioned.
