Dear Sir,

With reference to the Steam Trawler "ISLANDE"
(Caen Report No.127) I have to request that you will state
whether you have tried the working of the bilge and tank
suctions and the reversing engine and seen the donkey check
valve overhauled as advised by the Surveyors at Hull, and
whether these parts are now satisfactory.

I am, Dear Sir,

Yours faithfully,

Secretary.

V.M. Linklater Esq.,
